### 🧠 TECHNICAL SKILLS

HTML5 | CSS3 | JavaScript | TypeScript | Bootstrap CSS | Tailwind CSS | chakraUI | React.js | React Native | Next.js | T3 | Drizzle | Storybook | Redux | JEST | Cypress | Figma | Firebase | Node.js | Express.js | AWS | Web-Socket | Material-UI | MongoDB | MySQL | WordPress | Git | Docker | VPS Management

### �� SOFT SKILLS

Leadership | Problem-Solving | Flexibility | Team-Work | Remote-Collaboration | Time-Management | Social-Skill

### ❖ PROFESSIONAL SUMMARY

Frontend-focused engineer with hands-on experience in full-stack development, project leadership, and product launches within remote, fast-paced environments. Contributed to scalable web and mobile platforms, led cross-functional delivery, and owned UI quality and user experience. While working across versatile technologies, intentionally progressing toward deep frontend mastery—prioritizing performance, maintainability, and modern interface engineering as the ecosystem evolves

### 🎓 EDUCATION

#### BCA

Indira Gandhi National Open University (IGNOU) ↗

06/2023 – present | Remote

#### Full Stack Web-Development

Masai School ↗

07/2022 – 05/2023 | Bangalore, India

#### Higher Secondary Education

Rajgram Vivekananda Hindu Vidyalaya

02/2019 – 03/2021 | Bankura, India

Stream: P C M

### 💼 PROFESSIONAL EXPERIENCE

#### Frontend Developer

Sunbase ↗

03/2025 – Present | Orlando, Florida, United States

Contributed to Sunbase client projects by delivering scalable web applications in a fast-paced, remote environment, balancing development and coordination responsibilities across multiple engagements.

- Owned end-to-end feature development, including frontend implementation, backend integration, and performance optimization.
- Worked on the **QuoteBase** module, focused on enabling rapid quote creation for planning and proposal documentation. Additionally contributed to multiple other modules by simplifying UI flows and improving user experience through close collaboration with cross-functional teams.

#### Full Stack Developer

Significant Sports ↗

02/2025 – 03/2025 | Mumbai

Working as a solo developer on the company's **React Native Expo** mobile app, owning the complete development lifecycle with a focus on performance, UI quality, and cross-team collaboration.

- Developed and maintained the React Native Expo app, optimizing UI components for performance and user experience.
- Independently resolved issues and collaborated with internal teams for testing, feedback, and enhancements.

#### Senior Software Developer cum Project Manager

Yantramayaa Designs ↗

08/2023 – 02/2025 | Vadodara, Gujarat

Contributed to **Yantramayaa Design's** transition into a private limited company (Dec 2024) while managing multiple projects, leading a remote team, and ensuring timely delivery and client satisfaction.

- Managed project timelines, resources, and client communication to ensure smooth delivery across multiple engagements.
- Led and mentored a remote team of four developers while contributing to frontend and backend development, bug fixes, and feature delivery under tight deadlines.

### 📁 PROJECTS

#### Kanban-Board ↗

*Kanban-Board is a Task management web application, where you can create different boards, assign tasks to specific boards, and Drag & drop to change the status of a task. Fully Responsive for all devices.*

#### GitHub ↗

#### Tech Stack

React.js | Chakra-UI | Javascript | Express.js | Bcrypt | JWT | MongoDB

#### Features

- Authentication with proper validation.
  - Create, edit, and delete Boards, Tasks, and Sub-tasks.
- It's a Full-Stack Project developed Individually within 2 Days*

### 📎 CERTIFICATES

React (Basics) ↗ | Javascript (Basics) ↗ | Animation ↗ | Bootstrap CSS ↗ | Web-development ↗ | ZMC ↗
